TONOPAH VIGILANCE LEAGUE AT WORK

POWERFUL ORGANIZATION IS QUETLY MOVING FOR SAFETY OF THE CAMPS.

For the past month there has been quietly working in Tonopah a group of men who felt that the time had come when organized action should be taken to eliminate the few disloyal and seditious spots which appear as blemishes on our fair name as a loyal, patriotic community.

The result is that there is now fully organized a nucleus of over two hundred representative citizens, recruited from every profession, trade and occupation, without regard to politics, religion or other class distinction, the only qualification for membership being a demonstrated, vouched for and unquestioned loyalty to the government of the United States. This number will be increased as rapidly as the careful examination of applicants with reference to this one qualification can be carried on.

The name of the organization is "Tonopah Vigilance league," and its object is to give local support to the United States government in its war against the central powers. It considers that any action or speech which tends to interfere with the sale of Liberty Bonds, the work of the Red Cross or the food administration is disloyal and seditious and is prepared to take whatever steps seem most expedient to prevent such propaganda from being disseminated at home, where it tends to jeopardize the lives and comfort of our boys at the front.

NEARING END OF CASE.

The jury was again excused today in the case of the White Caps versus the Morning Glory Mining company. The time of the court was taken up today with settling instructions to the jury. Argument will begin tomorrow. It will probably be begun by Mr. Pittman, followed by Mr. Cook.

PROBABLY ANOTHER ALIAS.

Chief of Police Jack Grant has received a wire from J. F. West, chief of police at Needles, inquiring what charge has been placed against Carl Overman here. The tenor of the wire leads the police department to believe that the party is Carl Austerman, who was recently convicted of forgery and sent to the Nevada state prison.

WEEK FOR REPAIRS.

(By Associated Press.) WASHINGTON, Feb. 14.—The food administration has approved the designation of the week of March 4 as farm implement and repair week. It urges every farmer to observe it by ordering repairs or new parts.

DIED OF HEART FAILURE.

(By Associated Press.) OTTAWA, Feb. 14.—The funeral of Sir Cecil Spring Rice, former British ambassador to the United States, who expired early today from heart failure, will be held Saturday.

SPECIAL RATES ON WOOD.

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 14.—Food Administrator Schwabacher of California is considering the plan to obtain special freight rates on wood in an effort to release more coal for government ship work and other war industries.

NEVADA FARMERS TO PAY INCOME TAX

MOST FARMERS SUBJECT TO LAW REQUIRING TAX ON NET INCOME.

Every Nevada farmer must make returns for federal income tax who, if (a) married, had a net income in the calendar year 1917 in excess of \$2,000, or (b) if unmarried, had a net income in excess of \$1,000.

If husband and wife each receive an independent income equal to or in excess of \$1,000, separate returns may be rendered. If, however, the income of either is less than \$1,000, but their combined income equals or exceeds \$2,000, a joint return should be rendered. Inasmuch as certain offsets are allowed for dependent children, in some instances the income may not be subject to tax, but returns must be made nevertheless.

Every Nevada farmer, required as above, to make returns must procure a blank form from one of the local offices of the collector of internal revenue in this state and file with the collector in San Francisco not later than March 31, 1918, a statement of his receipts and expenses as prescribed on such forms. If he is sick or absent from the county the time may be extended thirty days if request is filed before March 1. Failure to make out the required statement or the making of false returns is punishable by fine or imprisonment.

FOOD CONTROL VIOLATORS.

(By Associated Press.) KNOXVILLE, Tenn., Feb. 14.—The United States grand jury has indicted forty-seven people on charges of violating the food control rules. The list includes coal operators, dealers and brokers in the East Tennessee field.

AMUSEMENTS

AT THE BUTLER.

A story of human experience that runs the whole gamut of human emotion is Mme. Petrova's latest picture, "The Law of the Land," an adaptation from George Broadhurst's well known play, which had a sensational long run on Broadway a short time ago. The story is of a woman, tried beyond her strength, who shoots the brute of a man who attempts to beat her boy. The verdict of any jury would have been against her, for circumstantial evidence was never clearer against the vilest criminal, but the verdict of the Inspector who was sent to look up the case—well, you must see that for yourself to appreciate it. In speaking of this production, Mme. Petrova says: "This is the strongest photoplay I have ever appeared in. It contains a theme of paramount interest to every individual human being and will appeal to old and young alike. As the action of the main part of the story all takes place within a space of twenty-four hours, it made our work more than usually difficult, but I think I may say that the results have more than justified our expectations." With this five-part feature will be shown a Bray cartoon of real interest.

Tomorrow, William Duncan and Carol Holloway, the peerless stars of adventure and outdoor life, in "The Tenderfoot."

Saturday, Francis Bushman and Beverly Bayne, in "The Adopted Son," and a two-reel comedy, "Smashing Career." Matinee daily at 1:30; evening, 7 and 8:30.

GOES TO THE COLORS.

Walter Harcourt, a member of the firm of Franzini & Harcourt, left yesterday morning to join the army. He has selected the aviation department.
